

Welcome to CRYPTO KING

Forex Trading

About Forex trading

- The foreign exchange market is a global decentralized or over-the-counter market for the trading of currencies.
- This market determines foreign exchange rates for every currency.
- It includes all aspects of buying, selling and exchanging currencies at current or determined prices.

Crypto Trading

About crypto Trading

- crypto is a digital currency designed to work as a medium of exchange through a computer network that is not reliant on any central authority, such as a government or bank, to uphold or maintain it.
- It is a decentralized system for verifying that the parties to a transaction have the money they claim to have, eliminating the need for traditional intermediaries.
- Cryptocurrency does not exist in physical form (like paper money).

Arbitrage Trading

About Arbitrage Trading

- Arbitrage is trading that exploits the tiny differences in price between identical or similar assets in two or more markets.
- The arbitrage trader buys the asset in one market and sells it in the other market at the same time to pocket the difference between the two prices.
- Arbitrageurs, as arbitrage traders are called, usually work on behalf of large financial institutions.
